General Notes

The above requirements are the first step to proceed with the application after payment. The application is considered under processing and implementation after completing all the previous requirements and procedures, and the following procedures are followed:

- Send the information to the authorized provider
- The supplier will review the request and verify the details
- The provider has complete freedom to accept or reject
- The procedures and time for activating any portal may vary from days to weeks
- The authorized provider may contact the record holder for any service related matters at any time

The customer must periodically follow up on his request with the customer service and technical support team, and follow the instructions and instructions to be followed, taking into account the speed of response to ensure a faster and smoother experience.

Operation fee

The method of these fees may differ from one company to another, and the fees are divided into several things

- | |
|--|
| <input type="checkbox"/> Visa, Master, Benefit and other bank fees are collected directly from the amount. |
| <input type="checkbox"/> Gate-e.com fees are billed each period and paid by the merchant |
